

# MONTE CARLO NEWS

SCOTTISH START • ISSUE 11

*Welcome...*

The 2016 Monte season is well underway. It seems to come round quicker every year.

The official Press Launch of the Rallye Monte Carlo Historique will be on 22 October 2015 and to coincide with this we are launching our dedicated Monte website. As usual we have invited a famous name from the world of rallying to help us launch the 2016 Monte and we will have two very interesting and unusual rally cars in the photos.

The Rallye Monte Carlo Classique has generated a lot of interest and there are some very interesting entries from a pre-war Lagonda to a 1958 A35. It seems there are a lot of intrepid crews out there itching to take on the challenge.

The 2016 Monte season will also see some changes to the now well established Monte Heritage Runs to keep them fresh and interesting. There will be an additional Heritage Run and a new route and destination for the short Heritage Run. Information about these will be on the new website as well as on CCHMSC website.

## NEW WEBSITE LAUNCHED

This is our new website which will be a one-stop shop for all things Monte.

The Monte Start Committee Scotland welcomes you to our new website which is dedicated to all things to do with the Monte in Scotland. This website will provide a one-stop shop where you will find everything you need to know about the Rallye Monte Carlo Historique, the new Rallye Monte Carlo Classique and the Monte Heritage Runs.

2016 will be a very exciting year for the Monte in Scotland. As well as the now traditional Start of the Historique from Paisley Abbey, it is also the inaugural Rallye Monte Carlo Classique for pre-war and post-war cars up to 1959, starting from John O'Groats. This special event celebrates the 90th anniversary of the first John O'Groats Start of the Monte Carlo Rally when the Hon Victor Bruce started from John O'Groats and went on to win the Rally in an AC coupe.

Over the next weeks and months we will keep the website updated with all the latest information, so make sure you save it in your favourites and check it regularly.

I am sure you will agree that it is easy to remember. Over the past few months we have been designing the website and locating the best domain name. It has been a steep learning curve but we are almost there. The website will be launched on the same day as the press launch, 22 October. Just type the web address into your browser, add it to your Favourites and off you go. We will be updating the website often to keep it interesting and up to date, so keep checking to see what's new.
