

It's nearly Monte Heritage Run time again and we have already had some enquiries from keen classic owners who are raring to go. As was announced in the previous Monte News Flash there will be a Heritage Run from **John O'Groats to Aberdeen to Clydebank**, with an overnight halt in Aberdeen. They will then join with the **Aberdeen Heritage Run** on the morning of the 30 January arriving at the Start at Clydebank in the afternoon. We already have one intrepid crew who have said that they will definitely take part in this 'Mini Monte' and we are hoping for a good entry. There will also be the ever-popular **Stirling and Dumfries Heritage Runs**.

To simplify the administration of these events we are in the process of setting up an MSA recognised club to run this and other Monte supporting events, such as the Col de Ruisg. The new club will be launched soon revealing the name, the logo and the team.

The regulations and entry forms will be available once MSA recognition has been received. In the meantime get your car ready for your annual Monte adventure.
