Saturday 19th October proved to be one of the best days of the Autumn. The sun was shining, the sky was blue, and the trees were magnificent shades of brown, red and yellow. The crews enjoyed the route which circumnavigated the River Tay, from Bridge of Earn and back to the Village Inn in Bridge of Earn for a meal.

The route took the crews down the south side of the river, over the Tay Bridge with a short stop to take in the new V&A Dundee and the RRS Discovery, before the return trip on the little used roads high above the A92, Dundee to Perth, with views down to the river. These roads were used in rallies back in the day, but they were new to many of the crews. The views were fabulous, the food was delicious and the company very congenial. As they used to say, 'A good time was had by all.'
